Social-Emotional Check-In:

- Boys & Girls Clubs of the Danville Area offers support services from a variety of mentors at each Club site. These mentors provide students with extra support to help them grow in their social and emotional development. Our team has already built supportive relationships with many of our Club members, and we want to continue to engage, support, and mentor them while navigating through this challenging time. Specifically, we want to continue to provide our Club members with a safe 'space' where BGCD A staff can check-in, provide support and interact with our Club members. Through this program, mentorship and supports would be delivered through weekly group check-ins with one of these mentors. And, to follow best safety practices, two adults will be present during every virtual experience.

BGCD A's commitment to keeping the young people we serve safe is always our number one priority. Boys & Girls Club of the Danville Area will actively monitor member activity during every online session and will make every effort to protect member information by, among other things, maintaining control of, and access to, the data collected; prohibiting re-disclosure of member information; limiting the
